TODDLERS MUSIC & MOVEMENT (3 - 4 Years)

Primarily a fun time with exercises, dance, music, make believe and singing.

Children begin to learn the rudiments of class work, together and individually. Recognising different types and tempos of music, being able to express themselves in movement and enjoying the world of 'make believe'.

FIRST TAP & BALLET (4 - 5 Years)

The first half hour of this class introduces children to Tap. With their first pair of tap shoes they are taught that their feet can be like a musical instrument.

The second half of the lesson introduces them to the basics of ballet. Their first plie is learnt along with other fundamental steps.

From 5 years old

Children can continue their training with Central School of Dance & Drama

following Royal Academy of Dance and Imperial Society of Dancing syllabi in Ballet, Tap and Modern.
